senting an attractive appearance earlier than is possible by the use of other grasses. White clover, too, is able to re-establish itself quickly after periods of severe drought, and until the bluegrass, redtop, bent grass, and fescues become thoroughly established the white clover will usually be in the ascendancy. As the turf forming habits of the other grasses become more marked, however, the white clover will gradually disappear and give place to the other more permanent grasses.

Your Teeth

Are fountains of Youth, Health and Beauty. Decayed teeth are not only ugly, but promote indigestion and other ailments which ruin looks and health. If you have lost teeth and are suffering because of that loss, but have several teeth in either jaw, we can replace those lost with fine, solid, natural looking (and natural acting) teeth that will be firm and strong.

Why suffer months after months with aching teeth when a slight operation will free you from these forever. Then again, consider your good looks and health.

We cannot bring our methods to you, so come and let us relieve you. Our offices are 212-226 Goff Bldg., (second floor), near elevator.

WHO SAID RHEUMATISM
CANNOT BE CURED

Read What Mr. Michael Says.

Dr. John D. Bear, Elkton, Va.

Gentlemen: In the winter of 1910 I was suffering from a severe cough and rheumatism. In February I began to take Bear's Emulsion, and after taking one or two bottles I was relieved of the cough entirely. I have used a number of bottles from time to time and find it a great tonic to build up the system generally, and I have been completely cured of my Rheumatism. I heartily recommend this Emulsion to any one who has suffered as I have.

Very truly yours,
Geo. E. Michael

McGaheysville, Va., Sept. 8th, 1911.

There is nothing better for Coughs, Colds, Sore Throats or a run-down condition than Bear's Emulsion.

Vitagraph Pathe

American Pathe

The Vitagraph is a special western story, a real mysterious one. The Pathe is an Indian picture and two fine interesting scenes: The Vitagraph is a whispered affair. It is whispered from one to another. The effect is like magic. The strong men bow their heads, the desperate man mends the error of his way. The picture speaks volumes.
